

Butternut

2018 Butternut Rosé

What is Butternut Rosé?

What does it taste like?

Sweet scents of watermelon, citrus and pale florals fill the air. On the palate, an array of strawberry and grapefruit entwine to deliver a crisp, acidic finish.

Why Butternut?

Because it's like your Mother's Rosé, only better.

What happened in 2018?

The 2018 growing season was a winemaker's dream. The mild spring, steady average temperatures throughout the summer, and no rain in the fall, provided the perfect environment for the vines, which produced high quantity and quality grapes. 2018 provided the perfect ripening conditions and will go down as one of the best wine growing years on the books.
